The College Hall Old Students' Association.

Founded January 16th, 1896.

Objects.—The original object of the Association was to enable past Students to keep in touch with one another, but the scope of its activities was much widened by the Grove-Morison Bequests. The Grove Bequest of £500 was received in 1905, and the Morison Bequest of £500 in 1912. These bequests were made to the Association unconditionally, but are nevertheless regarded as a Trust. The interest arising from the investment of the capital sums has been applied from time to time for the benefit of members of the Association, and individual present Students in need of monetary assistance. These grants are administered by a special sub-committee, whose proceedings are strictly confidential. Donations have also been made during the last two years to the Bungalow.

Membership.—All Students who have resided at College Hall and have now left are eligible for membership.

All Students in residence who have been three years at the Hall are eligible for membership.

The subscription is 2s. per annum, or £1 10s. for life.

Privileges of Members.—Members may use the College Hall Library (as a Reference Library only), and may have Luncheon, Supper, or Dinner at the Hall at a charge of 1s.

Resolution of Council of College Hall, June 8th, 1903 :—

“That Old Students wishing to avail themselves of the privilege of staying occasionally as guests at the Hall must make application to the Principal.”

The guest fee for Old Students is 6s. per night. No guest may reside at the Hall at this reduced fee for Old Students for longer than one week. In case of longer residence the ordinary guest-fee will be charged.

Meetings.—Two meetings are held during the year, the Annual Business Meeting in January, and a Social Meeting in November. The Committee is elected annually at the Business Meeting.

Report for 1916-17.

The Autumn Meeting was held on Saturday, December 9th, and was attended by a large proportion of the present students. Music was provided by the Æolian Ladies Orchestra, whose services had been obtained through the agency of the Professional Classes War Relief Council. The meeting was also delightfully entertained by Madame d'Esterre's "Tales out of School." The Committee felt that in engaging these artistes, they were spending the Grove-Morison money in a manner that would be approved by the Association. Lest she should be accused of extravagance in war-time, the Secretary felt bound to explain to Members that the delicious cakes were home-made and supplied by the Hall, thereby making Old Students distinctly envious of the present ones.

The thanks of the Association are due to the Principal, the Bursar, and the domestic staff of the Hall, for the trouble taken in connection with the meeting.

A Special General Meeting was held on Saturday, December 9th, 1916, Miss Boileau, the President, in the Chair. Six other members were present. The object of the meeting was purely formal—namely, to confirm the appointment of Miss Aldrich-Blake and

Mrs. Colman as trustees of the Grove-Morison Bequest. This having been done, it was proposed by Mrs. Colman, and seconded by Miss Fraser, and carried unanimously, **"That the administration of the special grants from the income from the Grove-Morison Bequest, be in the hands of a standing Sub-Committee, and that this Committee consist of the President, Treasurer and Secretary, ex-officio."** Miss Alleyne was unanimously elected a Vice-President of the Association.

The 21st Annual Business Meeting was held on Saturday, March 17th, 1917, Miss Boileau in the Chair. Miss Alleyne and eight other members present. Miss Wigram reported that the portrait of Miss Morison was now placed in the Rosa Morison Home of Recovery and that she considered that the portrait was very satisfactory. The Secretary read a letter of thanks from Miss Alleyne upon her election as Vice-President of the Association.

Owing to the unavoidable absence of the Treasurer, the accounts were presented by the Secretary (see page 14). She explained that the amount paid for printing was larger than usual, partly owing to increased cost of printing, but largely to the extra printing, namely, the forms of application, etc., and also to a re-arrangement of the accounts by which all expenditure upon printing appeared under this head, whereas in previous years some printing had been included under the Secretary's expenses.

The following resolution was proposed by Mrs. Colman, seconded by Miss Wigram, and carried unanimously: **"That grants from the Grove-Morison Fund to cover deficit upon ordinary expenditure be only made after a resolution at a General Meeting."**

It having been announced that Miss Nevill did not wish to stand for re-election as Treasurer owing to pressure of work and difficulties in railway travelling, Miss Fraser was unanimously elected to the vacant office. The Secretary was re-elected.

The following resolution was carried unanimously:—**"That the Senior Student of the Hall be *ex-officio* an honorary member of the Association."**

Mrs. Colman made an explanatory statement as to the Old Students' representation under the revised constitution of the Hall (see page 11). She stated that no election for the current year had been possible owing to the Roll not containing fifteen names on the specified date.

Grove-Morison Bequest.—The sub-committee reported that a grant had been made to a present student during 1916 to enable her to remain at the Hall, and that a grant had also been made from the 1917 income to an old student in pecuniary difficulties.

The Principal explained that, owing to the rise in railway fares and difficulties in travelling, it had been decided to give up the Bungalow at Flackwell Heath, but that she was anxious that the students should not lose their week-ends during the summer months. As

there was a small sum left in the Bungalow Fund, she proposed using this in defraying part of the cost of week-ends. The meeting made a grant of £10 towards this object.

Secretary's Report.—The committee and officers of the Association may claim to have been fairly active during the year. The introduction to the Annual Report has been re-drafted, the accounts have been re-arranged under the able advice of Miss Simpson, a banking account has been opened (at the Union & Smiths Bank, 250, Regent Street), the names of members have been placed on a card-index, and forms of application for membership and of application for subscription have been printed. Leaflets have also been printed containing the introduction to the Report, and the Principal has kindly undertaken to hand one of these, together with a form of application for membership, to every student who leaves the Hall. It has been decided that in future reports a list of new members should be printed, also of those ceasing to be members, either by resignation or default (under terms of Resolution passed March, 1916).

With regard to the latter, some perhaps have ceased to reply to letters through change of address or oversight, and would wish to resume membership. The assistance of members is asked in enabling the Treasurer to get into communication with such (see page 23).

The hearty thanks of the Association are due to Mrs. Nevill, who has given much time and energy to the re-arrangement of the accounts, etc. Mrs. Nevill

continued the treasurership in spite of other calls on her time, that she might hand over everything in good order to her successor. Our thanks are also due to Miss Simpson, who, in spite of scanty leisure, always finds time to examine and advise as to the accounts of the Association.

Needless to say the war activities of members of the Association continue. Many are engaged in direct war work of various kinds, some of an adventurous nature. It is a time for action, not words, but it is hoped that the time for words will come, and that the war activities of Old Byngites will not go unrecorded.

Her old friends at the Hall will congratulate Mrs. Gordon and her husband on their safe return from Serbia and on the publication of their more than interesting book. Members will be pleased to note that Mrs. Gordon has joined the Association, and has, moreover, consented to serve on the Committee.

Miss Lindsell has been hard at work on the land. We hope to publish an account of her activities at some future time.

The Secretary will be grateful if members will notify her of any war work not mentioned in the list of members. Those abroad are often not in a position to reply to communications, and so no news of them is received.

Old Students will be interested to hear that the Hall was full to overflowing last Session, and promises to be so again during 1917-18.

The Roll of Former Students.

At the foundation of College Hall it was provided in the Articles of Association that one member of the Council should be appointed annually by former students who had fulfilled certain conditions as to residence. The names of these residents were kept in a book known as the Roll. The Roll was kept up to date by the Principal, but there was no machinery whereby past students could be reminded of their privilege. Occasionally, no nominations were received, and, consequently, no representative of former residents was elected. The Old Students' Association for some years undertook the duty of reminding the past students on the Roll when the time of election drew near. Very little interest, however, was shown.

In July, 1916, the Articles of Association and the Bye-laws were revised, amended and adopted by the Council. In order to arouse greater interest in College Hall among past students who have enjoyed its advantages, the following Bye-laws were adopted:—

" 19. A Roll shall be kept by the Secretary to the Council of
 " those students who have ceased to reside at the Hall, and are
 " entitled to appoint a representative on the Council, with their
 " last known addresses; and no student shall have a vote whose
 " name is not on the Roll."

" 21. The following shall be the qualifications which shall entitle a student who shall have ceased to be in residence to have her name entered on the Roll :—

" (a) Not less than six terms' residence, with such qualification as the Council may approve.

" (b) The filling up of the prescribed registration form and the payment of a registration fee of half-a-crown.

" Nevertheless, in special cases the Council shall have power to admit to the Roll residents of not less than three consecutive terms' residence."

" 22. The appointment of the representative of former students shall not be made unless the number of former residents whose names are entered on the Roll shall be at least fifteen."

Bye-law 23 provides that the election shall be conducted by the Secretary to the Council in January; nominations are to be sent in between December 10th and 15th; two weeks' notice of the election to be sent to each voter on the Roll. For details see Bye-law 23.

It must be borne in mind that no person can be elected on the Council who is not a Member of the Hall. A person may become a Member of the Hall by making a donation of £10 to the Hall, or by paying an Annual Subscription of £1 1s.

Former Residents whose names are on the Roll may become Members of the Hall (and so become eligible for election on the Council) by making a donation of £5 5s. (instead of £10, as in the case of ordinary Members of the Hall) or by paying an annual subscription of 10s. 6d. (instead of £1 1s.), "provided

" that not more than 10 years have elapsed from the time at which such Former Resident entered her name upon the Roll."

All Old Students who are qualified to go on the Roll are earnestly asked to take the necessary steps to get their names entered. As the original founders pass away from active participation in its activities, it rests with the rising generation of women who have profited by a residence at the Hall to continue its work and traditions.

A list of the Members of the Hall and a copy of the revised Articles of Association and Bye-laws may be had on application to the Bursar at College Hall.
